

INTERBIO-LISBON GT4 Training sessions 2012

Call for Bioinformatics training sessions Oeiras, Portugal

In cooperation with the Gulbenkian Training Programme in Bioinformatics (GTPB), INTERBIO-Lisbon has setup a series of high level training sessions in Bioinformatics, to take place in Oeiras in 2012. These sessions are now open to participants from all INTERBIO nodes and aim at promoting exchanges of technological know-how within the network.

Available courses with INTERBIO label are listed at <http://gtpb.igc.gulbenkian.pt/>

Confirmed Courses at the present date include, but are not limited to:

Automatic Functional Annotation of genomes and RNA sequencing
Feb 27 - Mar 1

Bioinformatics in Integrative Genomics
May 7-11

Interested candidates should first contact the local coordinators. For coverage of registration, travel and living expenses, please contact directly the coordinator within your node:

Brice Kauffmann	Bordeaux	b.kauffmann@iecb.u-bordeaux.fr
Jordi Quintana	Barcelona	jquintana@pcb.ub.cat
Claude Chevalet	Toulouse	claudc.chevalet@toulouse.inra.fr
Oscar Sanchez	Valencia	osanchez@cipf.es

For further information on the courses and registration please visit the course webpage at <http://gtpb.igc.gulbenkian.pt/> or contact Pedro Fernandes, the organiser.

Cláudio M. Gomes (gomes@itqb.unl.pt)
INTERBIO-LISBON GT4 coordinator

Call date: 20 Dec 2012.

Call End: Registration deadline for the last course offered before June 2011
