

Call for exchanges between Technological platforms involving INTERBIO-LISBON

Aiming at promoting exchanges between technological platforms within the interbio network, and in order to trigger further interactions, INTERBIO-Lisbon has prepared a specific thematic exchange on

Good Laboratory Practice procedures in the INTERBIO-LISBON Mass Spectrometry Service Platform

The aim of this thematic exchange is to provide visitors working on other technological platforms within the other INTERBIO nodes with a perspective and workflow of procedures compliant with OCDE Good Laboratory Practice procedures.

Those interested in this thematic exchange visit, or in establishing exchanges with any other INTERBIO-LISBON technological platform please contact directly the coordinator within your node for further details on the administrative procedures:

Brice Kauffmann	Bordeaux	b.kauffmann@iecb.u-bordeaux.fr
Jordi Quintana	Barcelona	jquintana@pcb.ub.cat
Claude Chevalet	Toulouse	claudc.chevalet@toulouse.inra.fr
Oscar Sanchez	Valencia	osanchez@cipf.es

Further information on the other Technological platforms available at INTERBIO-LISBON for exchanges, please visit the INTERBIO webpage at <http://www.interbio-sudoe.eu/liste-offres-technologies.php> or contact the Lisbon WP4 coordinator-

Cláudio M. Gomes (gomes@itqb.unl.pt)
INTERBIO-LISBON GT4 coordinator
Call date: 7 Dec 2012
Call end: May 2012
