

## *Curriculum vitae*

### **Personal data:**

Name: Ines Ivanov

E-mail: [ivanov@itqb.unl.pt](mailto:ivanov@itqb.unl.pt)

Tel: +351 964219213

### **Academic degrees:**

- Since 2006 - One - long cycle 2nd degree programme (lscu) in Chemistry and Pharmaceutical Technologies, Faculty of Pharmacy, University of Bologna, Italy

### **Previous and current scientific and professional activities:**

- Since January 2012 – Master student at Disease and Stress Biology lab – ITQB, Oeiras, Portugal

### **Area of scientific activity:**

- Pharmacology and Biochemistry

### **Present research interests:**

Evaluate the neuroprotective activity of natural extracts of Portuguese origin: Hydroxytyrosol from olive oil anti-oxidant effects in neurons and microglia cell line. Several cell parameters will be evaluated like cell viability, intracellular ROS formation (fluorimetry), redox metabolic alterations such as thiols content (HPLC) and protein oxidation (ELISA assay)
