

Science and Research at NOVA
Workshop Programme *Ciência 2008*
November 19th, 2009 - Rectorate of UNL

PROGRAMME

Science and Research at NOVA

Chair: Maria Arménia Carrondo

9.00–09.10h | **Welcome address**, António Rendas, Rector Universidade Nova de Lisboa

9.10–09.30h | **Research at NOVA 2005-2008**, Maria Arménia Carrondo, Vice-rector UNL, Research and International Relations

9.30–09.50h | **“RUN (Repositório da Universidade Nova): Opening UNL’s Scientific Production to all”**, Clara Boavida, Repository Coordinator, FCT

9.50–10.10h | **The rights of Assistant Professors in Portugal according to the new law**, Helena Pereira de Melo, Vice-dean, FD

10.10–11.30h | Coffee-break | **Poster Session**

Presentations by *Ciência 2007* researchers

Chair: Rui Santos

11.30–11.50h | **Bionanotechnology: towards a phenol biosensing device**, João Cortês, Centro de Química Fina e Biotecnologia (CQFB)-REQUIMTE/FCT

11.50–12.10h | **In Quest for Early Modern Global Histories. The 200-Year Journey of Universal Cartography through the Mediterranean Sea, the Islamic World, China, Korea and Japan (1402-1598)**, Angelo Cattaneo, Centro de História de Além-Mar (CHAM)/FCSH

12.10–12.30h | **Polymerization of *Bacillus subtilis* FtsZ - the importance of using the right pH**, Dirk-Jan Scheffers, ITQB

12.30–12.50h | **The *Ciência 2007* developments at the IHMT**, Nuno Rolão, Centro de Malária e outras Doenças Tropicais (CMDT-LA)/IHMT

Presentations by *Ciência 2008* researchers

Chair: Luís Paulo Rebelo

14.30–14.50h | **Electrochromic active devices for information displays applications**, Luís Miguel Nunes Pereira, Centro de Investigação em Materiais (CENIMAT)/FCT

14.50–15.10h | Collective video about *Ciência 2008* researchers at FCSH

15.10–15.30h | **Building Lisbon-Boston Bridges for the Advancement of Portuguese Clinical Research (Northeastern, ECRIN) and Evidence-based Usage of Medications (Harvard)**, Pedro Caetano, Centro de Estudos das Doenças Crónicas (CEDOC)/FCM

15.30–15.50h | **Fields of genes: How quantitative genetics can harvest them?**, Carlota Vaz Patto, ITQB

15.50–16.10h | ***Ciência 2008* fellows: background, experiences and future plans of action**, Ana Afonso, Unidade de Parasitologia e Microbiologia Médicas (UPMM)/IHMT

16.10–17.30h | Coffee-break | **Poster Session**

17.30–18.45h | **Round-table - Research career paths at UNL: *Ciência 200X* and LA researchers, impressions and perspectives**

Coordination: Maria Arménia Carrondo and João Rodrigues, CMDT-LA/IHMT

Introduction Maria Arménia Carrondo

A first survey of impressions, challenges and questions of an *Investigador Auxiliar* in Portugal, João Rodrigues

Panel: João Sentieiro, President Fundação para a Ciência e a Tecnologia, José Legatheaux Martins Vice-dean for Research (FCT), Rui Santos Vice-dean for Research (FCSH)
